

**NEW**

## MODIFICATION OF THE PLASTIC BUCKETS JET AND EUROJET

As part of the continuous improvement of the quality of our products, we decided to modify our plastic buckets at the attachment area.

This means now, the use of **FLAT WASHERS** with the buckets **JET** and **EUROJET** in **HDPE, PA** and **PU** manufactured by **STIF**.

Following this modification, the attachment area of plastic buckets strengthened and efforts are better distributed on the back of the bucket. Flat Washers to use now are 8x30 and 10x36.
